BDT-5(*R)	Bible Doctrines	20
------------------	------------------------	-----------

This course is designed to present to the student the foundational doctrines of Christianity.

This intensive course studies the doctrines from the standpoint of Biblical rather than Dogmatic/Denominational theology. This is evident from the plan which is followed in the work, namely: To gather together all the Scripture passages dealing with the subject under consideration, and from them choose a required number that may be called representative; then seek to understand the meaning of these references by the study of the text itself in its context and parallel passages; and finally, from the selected proof-texts, formulate the doctrinal teaching, placing such results under appropriate headings.

Digital textbook: “The Great Doctrines of the Bible” (part of the Bible Explorer Library) plus Course Study Guide and/or Course Exam.

Ministry Leaders are NOT to be "aquarium keepers"! Jesus our Lord called us to be "fishers of men", "laborers in the harvest" and as ministry leaders that means that WE ARE TO LEAD IN OUTREACH AND SOUL WINNING!

We cannot make disciples if we do not first win souls, and we cannot win souls if we are not committed to doing so!

Evangelism should become a "self-rising" ministry of the local Church but to do so means that first we capture the vision, mission and methods of effectively bringing souls into the Kingdom of Christ.
